

Erasmus+ Sport

Call: 2018 Rimini Marathon Project

I am Luca Drudi and I am writing for the Rimini Marathon.

As an association we participate in the call for proposals called by European Commission for Erasmus+ Sport (<https://eacea.ec.europa.eu/erasmus-plus/actions/sport>) in the "Small Collaborative Partnerships" action. The purpose of the project is promoting and disseminating the wonderful experience of "wheelchair pushers" <http://www.riminimarathon.it/wpim-raduno-internazionale-spingitori-di-carrozzelle/>

We are looking for marathons in Europe to participate in this project, which you can read about in detail in the e-mail attachment.

Since 2014 you can run the Rimini Marathon as a WHEELCHAIR PUSHER, so a disable person can live this beautiful and exciting experience. For further information you can see the link <http://www.riminimarathon.it/en/wpim-raduno-internazionale-spingitori-di-carrozzelle/>

This good practice is not so popular in Europe and for this reason we thought to submit an Erasmus sport project to European Commission. The purpose of the project is to create an "Model of organization" for marathons which permit the participation of weelchair pushers

This good practice model will contain an "instructions book" for the manager of the marathon, videos, communication instruments as social network pages and website. All these materials will be available to all sport associations that organize marathon in Europe.

Another action of the project is the testing of the best practice in 2 Euroepan Marathons. For this purpose the Rimini Marathon staff will meet the managing staff of European Marathon in order to organize 2019 edition as a wheelchair pusher's friendly marathon. Obviously some runners from Rimini will come and run 2019 edition.

So some people from European Marathon (indicatively 10 person) can come to Rimini and see our organization and run the Rimini Marathon using a wheelchair.

The costs of travel and accommodation will be charged to the Erasmus project

With this project, one of our delegations will visit the marathon 2019 with 1 disable and 10 runner, and then one of your delegations will be able to participate in our marathon, with the transport costs paid by the EU. There will be no cost on your organization.

if you are interested, as soon as possible we need from you just the formal membership and a registration to the EUlogin portal (it takes 15 minutes time). The call deadline is very close, and we will need to find these European partners as soon as possible.

To get in touch with me +393283380155 ldrudi@inwind.it ... or we can make an appointment on Skype: ldrudi
